PROFILE

Product Manager with five years of experience in travel technology, fintech, and B2B software, currently pursuing an M.Sc. in Advanced Engineering and Engineering Management at Fachhochschule Südwestfalen. Skilled in product management, customer journey mapping, system integrations, payments, and cross-functional product delivery. Seeking a working student or internship position.

PROFESSIONAL EXPERIENCE

Working Student | Metcon GmbH & Co. KG — Manufacturing | Lippstadt, Germany

10.2025 – Present

- Support production and engineering tasks alongside my master's studies.
- Help with day-to-day operations, quality checks, and process documentation.

Freelance Product Manager | Independent Projects | Remote

10.2024 – 06.2025

- Wrote product requirement documents, user stories, flowcharts, and wireframes for client projects.
- Worked with clients and developers to agree on scope and priorities.

Product Manager | PT Adya Tours – Via Indonesia — Travel Technology | Indonesia

11.2023 – 10.2024

- Fixed the platform's top two issues: slow flight search and hardcoded fare benefits (complaints down ~60%).
- Upgraded airline & hotel booking integrations, incl. GDS (Sabre, Galileo, Travelport).
- Owned the annual roadmap; PRDs/BRDs and priorities across design, engineering, legal and compliance.

Product Manager | PT Komunal Finansial Indonesia — Financial Technology | Indonesia

02.2023 – 11.2023

- Automated the manual loan pipeline: submissions land as analyst to-dos with live progress status.
- Built a document-flow mechanism so every submission is stored end-to-end neatly.
- Created an open API for external lenders to run their own loan products on the platform.

Product Operations Manager / Lead / Officer (B2B) | Koltiva AG — Agriculture Technology | Indonesia

04.2021 – 02.2023

- Promoted from Officer to Lead to Manager for B2B commodity-traceability software.
- GSMA Project: Digitalized rural farmer & trader payments – farmer base tripled, 80% transacting digitally.
- Drove the Nestle Global project from initiation to prototype and won tender.

Project Engineer | Voith Paper Rolls Indonesia — Manufacturing | Indonesia

06.2017 – 02.2018

- Coordinated overseas projects between headquarters, sales, production, and logistics teams.
- Production schedules, quality checks, deliveries, and import/export documents.

INTERNSHIPS

Research Intern | Mercedes-Benz Indonesia — Automotive | Indonesia

02.2016 – 04.2016

- Redesigned the warehouse layout to improve storage capacity and accessibility.

Production Engineer Intern | Metcon GmbH & Co. KG — Manufacturing | Lippstadt, Germany

03.2015 – 08.2015

- Supported production scheduling, material monitoring, and quality checks during exchange semester at FH Südwestfalen.

EDUCATION

M.Sc. Advanced Engineering and Engineering Management | Fachhochschule Südwestfalen | Soest, Germany

10.2025 – Present

- Focus: project management, lean manufacturing, change management, and digitalization.

Master of Management | Universitas Indonesia

02.2019 – 06.2020

- Final grade: 3.26 / 4.00 (approx. 2.1 German scale).
- Thesis: The Effect of Digital Advertising on Purchase Intention. Case study: Ticket.com

B.Eng. Industrial Engineering | Swiss German University | Indonesia

09.2012 – 07.2016

- Final grade: 3.16 / 4.00 (approx. 2.3 German scale).
- Thesis: Analysis of Factory Warehouse Design at Mercedes-Benz Indonesia.
- Including a double-degree exchange semester at Fachhochschule Südwestfalen, Soest, Germany (2015).

SKILLS

Product & Project Management: Roadmapping, PRD / BRD writing, backlog management, UAT, stakeholder management, agile ways of working

Operations & Process: SOP writing, KPIs, process improvement, user training, implementation support

Tools: Microsoft Office, Google Workspace, Figma, Miro, Jira / Trello
